ADULT ADVISOR COMMISSION MEMBERS

The adult advisor commission members will serve for a period of three years. Their responsibilities are to act in an advisory capacity to the commission at the monthly meetings. Each adult advisor will chair one to two Youth Commission activities along with the youth commission member chair.

REPORTING

The Youth Commission formally reports to the City Council, but works under the Community Center Department of Hutchins Street Square. In October of 1996, a 12 hour per week City Liaison to the Youth Commission was hired to coordinate the program events and activities with the commission members. Since, the hours have expanded to 18- 20 hours per week.

ORGANIZATION AND STRUCTURE

At the August commission meeting, annually, the Youth Commission will elect a Chairperson and Vice Chairperson. Their term will be for one year. The Chairperson will preside over the meeting. In the event that the City Liaison is absent from a commission meeting, the Chairperson will appoint a commission member to take the minutes of the meeting. The Chair and Vice Chair will volunteer approximately five to ten hours per week coordinating the commission activities with the City Liaison.

Each area high school will have an administrative representative who works directly with the City Liaison and the Youth Commission. Each high school will also be given the opportunity to have a member of the student council attend the monthly commission meetings and give a report on the activities occurring at their local high school for that month. This student council representative is the liaison between the high school students and the youth commission. The areas five middle schools will have the opportunity to send a representative to the monthly commission meetings and to handout a report on activities occurring on their middle school campuses that pertain to 13 year olds.

There are four standing committees. Two meet on the first Wednesday of each month from 4 -5 pm and 5 - 6p m. The other two meet on the fourth Wednesday of each month from 4 -5 pm and 5 -6 pm. All committee meetings are to be held at Hutchins Street Square Community Center.

What is TEENLEAD?

The purpose of **TEENLEAD**, the Lodi Youth Leadership Program, is to inspire and motivate high school students to achieve higher levels of leadership responsibilities. The program is sponsored by the Lodi Youth Commission.

The ten-month program will provide the necessary leadership training to assist those individuals in pursuing a leadership role in any local organization or volunteer program. Participants will be provided with the necessary information to understand their community. In addition, the program will provide its students with the opportunity to meet and exchange ideas with the current community leadership.

Who should apply for TEENLEAD?

Nominations for selection to **TEENLEAD** are open to high school sophomores or juniors during the 2001-2002 school year. Students who apply should be seeking to enhance their leadership skills and knowledge of the community. These young men and women must be willing to contribute individual talents to the betterment of the community. Only those willing to make a serious commitment should apply.

Thirty-five students from the greater Lodi area will be selected. Students attending the following schools are eligible to apply: Bear Creek, Liberty High, Lodi Academy, Lodi High, Plaza Robles, Tokay High, Jim Elliot High, and Lodi Middle College.

Participants are encouraged to attend **ALL** sessions. Failure to attend at least eight of the ten programs will jeopardize graduation from the program. **TEENLEAD** members will meet on a Monday once a month (except in December) for a four hour-session. Some of the sessions will require a pre-arranged absence from school. If a student attends only part of a session, that session will not count as an attended day.

Tuition

TEENLEAD is an educational program sponsored by the Lodi Youth Commission. **TEENLEAD** participants are requested to contribute their active participation and attendance for all sessions.

Selection of Participants

TEENLEAD seeks students who have a sincere commitment, motivation and interest in serving their community. The program is limited to thirty-five participants each year. The Lodi Youth Commission will review all applications and select a well-balanced group for each yearly class.

Greater Lodi Area Women's Flag Football Game Participants;

The purpose of the Greater Lodi Area Youth Commission is to affect positive growth in young adults through a variety of activities that will generate interest and participation within the greater Lodi area.

With the strong commitment and enthusiasm from the local area high school administrator, we support this event with the LUSD. The greater Lodi Area Youth Commission and LUSD work effectively together to support the Women's Football Game in order to give back to the community funds to support the Lodi Women's Center.

Please mark your calendars for major Lodi Youth Commission upcoming events this summer:

On behalf of the City of Lodi, Greater Lodi Area Youth Commission, we wish all of the Women Flag Football participants much success and fun at the game.

Best of Luck!

Yvette Maragliano
City Liaison, Greater Lodi Area Youth Commission

This marks the fifth year of the collaboration between the Lodi Area Youth Commission and the Lodi Unified School District in presenting the High School Women's Flag Football Tournament. As in past years, proceeds from today's event will be devoted to the Lodi Women's Center, a non-profit agency supporting families in crisis. Proceeds from the previous four years have totaled over \$10,000 for the Women's Center. Our goal is to raise \$4000.00 for the Women's Center from this year's event.

Our tournament features a round robin among the three comprehensive high schools of the Lodi Unified School District. A fifth quarter will be played following each contest upon an agreement of the coaches.

Tokay High School is the defending champion in the tournament, Bear Creek is the four-time defending champion in the Cheerleading contest and Lodi holds the inaugural Sportsmanship award.

We hope this year's event will continue to be a success both on and off the field. The support of the community is greatly appreciated and is central to the success of the tournament.
